CAMP DESCRIPTION

Our camp will have an intense focus on educating every player on skating mechanics, proper use of edge to produce power, edge control, speed, and conditioning.

We will breakdown key concepts such as crossovers, edge work, turns, and transitions that are vital to getting your player to the next level.

Space will be limited to 24 participants for each of the camp days offered. We will maintain a waitlist to determine if we expand the class by adding an instructor.
